

PREMIUM HAND TRUCK WHEELS

B&P MANUFACTURING
Engineered Delivery Products

PNEUMATIC

Includes heavy duty steel hub, four ply construction and precision sealed bearings.

PART NUMBER	DESCRIPTION (Pneumatic)	DIAMETER x WIDTH	CAPACITY (per wheel)	WEIGHT
D5	4 Ply Pneumatic, 3 pc. Steel Hub, Precision Bearings	10" x 3½"	350 lbs.	4.4 lbs.
D5F	D5 Foam Filled - Can't Go Flat	10" x 3½"	350 lbs.	7.0 lbs.
D5G	D5 in Gray Color, Non-marking	10" x 3½"	350 lbs.	4.4 lbs.
D5S	D5 with Slime Sealant	10" x 3½"	350 lbs.	5.0 lbs.

Recommended uses:

- ▶ Outdoor surfaces such as gravel, grass, & sand
- ▶ Inclement conditions such as snow, slush or mud
- ▶ Applications requiring superior shock absorption
- ▶ Rough or uneven surfaces

RUBBER

Molded on rubber tires. Light weight, good for short axle applications

PART NUMBER	DESCRIPTION (Rubber)	DIAMETER x WIDTH	CAPACITY (per wheel)	WEIGHT
D12	Rubber on Aluminum, Offset Hub	8" x 1½"	550 lbs.	2.1 lbs.

Recommended uses:

- ▶ Smooth/semi smooth, hard surfaces
- ▶ General purpose

PERFORMANCE TPR

Non-marking with recessed bearing & durable poly hub. Precision sealed bearing for short axle applications.

PART NUMBER	DESCRIPTION Performance TPR	DIAMETER x WIDTH	CAPACITY (per wheel)	WEIGHT
D1	High Performance, Non-marking, Gray	8" x 2"	500 lbs.	2 lbs.

Recommended uses:

- ▶ Smooth/semi smooth, hard surfaces
- ▶ General purpose
- ▶ Delicate floor, tile, carpet

CAREFREE® D6

Non-marking, with open/closed cell construction no flat foam. One piece steel hub and precision sealed bearings. Great choice if you want to avoid flat tires. Includes 2-year warranty.

PART NUMBER	DESCRIPTION (Carefree®)	DIAMETER x WIDTH	CAPACITY (per wheel)	WEIGHT
D6	Carefree®, No Flat Solid Foam, Non-marking	10" x 3"	350 lbs.	4.2 lbs.

CAREFREE® D6SS

Non-marking with poly hub, durable & lightweight. Great choice if you need a wheel that won't go flat and features reduced rolling resistance. Includes 2-year warranty.

PART NUMBER	DESCRIPTION (Carefree®)	DIAMETER x WIDTH	CAPACITY (per wheel)	WEIGHT
D6SS	Carefree®, Poly tread, Non-marking	10" x 3"	550 lbs.	3.1 lbs.

Recommended uses for D6 & D6SS:

- ▶ Outdoor surfaces such as gravel, grass, & sand
- ▶ Rough or uneven surfaces
- ▶ Inclement conditions such as snow, slush or mud

BALLOON CUSHION

Non-marking with lightweight poly hub, poly tread compound & precision sealed bearings. Includes 2-year warranty.

PART NUMBER	DESCRIPTION Balloon Cushion	DIAMETER x WIDTH	CAPACITY (per wheel)	WEIGHT
D15	Balloon Cushion, Poly Hub, Precision Bearings, Dark Gray	10" x 2½"	350 lbs.	2.3 lbs.
D16	Balloon Cushion, Poly Hub, Precision Bearings, Dark Gray	8" x 2½"	350 lbs.	1.6 lbs.

Recommended uses:

- ▶ Smooth/semi smooth, hard surfaces
- ▶ General purpose
- ▶ City deliveries - side walk & concrete
- ▶ Delicate floor, tile, & carpet

All wheels excluding D15 / D16 have grease zerks to prevent axle corrosion and allow easy changing of wheels.
