

Liberator

B&P Manufacturing is proud to introduce the refreshed design of our patriotic American Pride Liberator Hand Trucks—just in time to mark the 250th anniversary of the Declaration of Independence.

Designed with a bold red, white, and blue finish, each hand truck features a red handle, blue powder coat frame, and white powder coat stair climbers, complemented by our newly redesigned American Pride decal.

Customize your hand truck with your choice of handle styles, wheels, and accessories to meet your exact application.

We also offer personal customization with a 2" x 10" decal placed on the back side of the frame, opposite the "American Pride" decal, providing a convenient way to display your company name or logo.

**BUILT TO HONOR 250 YEARS
OF AMERICAN INDEPENDENCE!**
