

XCELORATOR CONVERTIBLE HAND TRUCK:

POWER ASSIST. HIGHER CAPACITY. LESS STRAIN.

The Xcelerator Convertible combines powered assistance with high-capacity convertible design—allowing operators to move up to 1,200 lbs with greater control and less physical effort. Ideal for long distances, heavy loads, and demanding environments.

**POWER ASSIST + 1,200 LB CAPACITY
IN A CONVERTIBLE DESIGN!**

SUGGESTED APPLICATIONS:

- ▶ Airports
- ▶ Convention Centers
- ▶ Warehouses & Distribution Centers
- ▶ Beverage & Food Delivery
- ▶ Large Facilities & Arenas

MOVE MORE WITH LESS EFFORT

- ▶ Power assist reduces back and shoulder strain
- ▶ Variable throttle delivers assistance only when needed
- ▶ Ideal for inclines, ramps, and long distances
- ▶ Maintains productivity with less operator fatigue

HANDLE HEAVIER LOADS WITH CONFIDENCE

- ▶ Up to 1,200 lb capacity (2X standard Xcelerator)
- ▶ Converts from 2-wheel to 4-wheel
- ▶ Designed for bulk loads and extended transport
- ▶ Stable, low center of gravity for better control

DESIGNED FOR REAL-WORLD USE

- ▶ Wireless throttle—no bending to change direction
- ▶ Works as a manual truck with or without battery
- ▶ All-day battery life with easy swap and charging
- ▶ Built with modular B&P components to fit your application
